reliability.

Show off your style

Carefully curated to match your vibe, the DT Exodia is accented in 4 colors by capacity; timeless black, sea blue, lime green and very violet. Grab the color you want or collect them all! With capacity options up to 512GB*, you'll always have the space you need for your digital library.

Stays safe, travels great

Throw it in your pocket or clip it to your keyring without fear. The practical snap-on cap keeps your USB-A connector protected while you're on-the-go.

Works with what you've got

The DataTraveler Exodia performs within the widely compatible USB 3.2 Gen 1 standard and even supports your legacy USB 2.0 devices.
