SANDISK 320 SATA III SSD 2TB 2.5inch Read speeds up to 545MB/s

Model: SDSS31200TBB-000G0

Manufacturer: SANDISK

EAN: 619659231897

Product Code: 1088784

R8,639

The SanDisk 2 TB internal hard drive offers performance and reliability for users seeking to enhance their storage solutions. This solid-state drive utilizes 3D NAND technology and features an SLC cache, ensuring fast data access and transfer rates of up to 600 MBps. With an internal data rate of 545 MBps, this hard drive is ideal for demanding applications that require rapid loading times and efficient file transfers. The 2.5-inch form factor provides compatibility with a variety of devices while maintaining a compact design.

Operating within a temperature range of 0°C to 70°C, and with a storage temperature range of -55°C to 85°C, this drive is designed to withstand various environmental conditions. The drive also features robust shock and vibration tolerance, withstanding operating conditions of up to 1500 g shock acceleration. As a compliant product with multiple standards, including RoHS and FCC, users can trust its safety and reliability for their important data.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
