

SANDISK 520 SATA III SSD 1TB 2.5inch Read speeds up to 560MB/s

Model: SDSS51100TAB-000G0

Manufacturer: SANDISK

EAN: 619659231774

Product Code: 1088786

R5,323

The SanDisk 2.5-inch internal hard drive offers a spacious 1 TB capacity, making it a choice for users needing ample storage for applications, files, and multimedia. This solid-state drive features 3D NAND technology and a reliable SLC cache that enhance performance and speed. With a data transfer rate of 600 MBps and an internal data rate of up to 560 MBps, this drive ensures quick access to data while maintaining efficient performance under demanding tasks.

Operating efficiently under various conditions, the SanDisk hard drive functions between temperatures of 0°C and 70°C. It boasts an endurance of 400 TB, ensuring durability and longevity for long-term usage. With compliance to multiple standards such as FCC and RoHS, this drive meets safety regulations and emphasizes environmental responsibility.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
