The Logitech G PRO X SUPERLIGHT 2 SE mouse is designed for serious gamers who demand precision and speed. This gaming mouse utilizes LIGHTSPEED technology for a wireless experience, ensuring minimal latency and a responsive connection. With a movement resolution of 44000 DPI, this mouse offers accuracy and real-time sensitivity switching, allowing for adjustments that suit any gameplay style. The HERO 2 sensor ensures high-performance tracking, which is essential for competitive gaming environments. The lightweight design, combined with polytetrafluoroethylene (PTFE) feet, allows for smooth gliding and effortless maneuverability across various surfaces. Equipped with mechanical switches and LIGHTFORCE optical/mechanical buttons, the Logitech G PRO X SUPERLIGHT 2 SE provides a tactile feedback experience that enhances performance and comfort. The on-board memory allows personalization of settings and profiles, while the USB Logitech LIGHTSPEED receiver provides reliable connectivity. Made from recycled post-consumer plastic, this mouse supports high performance with a sustainable approach, making it an ideal choice for environmentally conscious gamers.
