The original – only smaller: The CHERRY G80-3000N TKL is a classic corded keyboard with a reduced key layout for more desktop space. A modern classic that meets all today’s requirements for a ten key less version. The first version of the G80-3000 appeared in the 1980s and is still in production today. The new G80-3000N TKL builds on its legend. The classic keycaps still have the same shape and the same typing feel, but why change what is already perfect? What is completely new is the slimmer and much smaller case, the RGB lighting and state-of-the-art electronics.
