Tailored to meet the demanding needs of today's office and remote working environments, Kensington's H3000 Bluetooth headset delivers an ergonomic over-ear design for an immersive and focused experience, the wireless freedom to roam, and AI-powered environmental noise-canceling technology to suppress distracting background sounds. Cooling-gel infused memory foam earpads with heat transferring fabric provide all-day comfort, LED indicators confirm status and reduce distractions, music controls with call detection technology simplify transitions, and sidetone provides a better call experience. Dynamic 40mm neodymium drivers deliver a superior audio experience for calls and music, and the pro battery with Rapid Charge Technology keeps the headset functioning while it charges.
