Easy to carry on the go, PD3 Series easily slips into your bag – enabling a dual-screen setup to accompany you on your commute, business trip, or wherever life takes you.

Two is Better Than One

Craft presentations on one screen while referencing data on the other. The dual-screen design on PD3 Series makes multi-tasking efficient and seamless – and with double the real-estate, your productivity and entertainment soar to new heights.

Foldable Design

With its 315° foldable design and integrated stand, adjust the viewing angle to suit your convenience and ergonomic preferences. For scenarios involving an audience, simply fold the second display to the back and share with others across from you.

Enhanced Perspectives

The dual screens deliver crisp 1080p visuals – and when combined – extend to an immersive 2150 x 1080 resolution. Perfect for viewing extra large documents, and reducing excessive scrolling. Auto-pivot seamlessly transitions between landscape and portrait modes.

Uninterrupted Real-Time Engagement

With your main device connected, effortlessly manage real-time engagements with three screens: one for presentations, another for interaction, and a third for detailed analysis, providing a full view of all your important information – all without interrupting your flow.

VESA Mountable

To maximize desk space, Acer PD3 Series is VESA mountable. Create a sleek, clutter-free environment in your workspace or entertainment setup offering enhanced customization and versatility.
