

SYNOLOGY 8 Bay 2U AMD Ryzen Embedded V1500B 4GB DDR4 Rack Redundant Power Expandable NAS Server

Model: RS1226RP+

Manufacturer: SYNOLOGY

EAN: 4711174726875

Product Code: 1090373

R47,909

The Synology RackStation RS1226RP+ offers robust and flexible network storage solutions, accommodating up to 8 devices or modules for varied storage needs. With a dual-core Ryzen Embedded processor running at 2.2 GHz and 4 GB DDR4 RAM, efficient performance is ensured for multimedia applications and business operations. Hot-swappable drive bays provide easy scalability, while powerful network protocols support diverse file sharing and management options.

Featuring a 550 W internal power supply and various encryption algorithms, data security and redundancy remain a priority throughout operation. The sound emission of 22.8 dBA ensures quiet performance, making it suitable for office environments. Supported by multiple network services and remote management protocols, the RS1226RP+ facilitates seamless integration and control, targeting both individual users and organizations requiring reliable storage solutions.
