Smooth Visual Performance with Sharp Clarity

The monitor boasts a Full HD (1920 x 1080) resolution coupled with an impressive 20,000,000:1 dynamic contrast ratio, rendering vivid, detailed visuals. A smooth 100Hz refresh rate reduces motion blur, offering improved visual sharpness that is ideal for multitasking and multimedia applications.

Eye-Care Technology for Comfortable Viewing

Equipped with flicker-free technology and a blue light filter, both designed to reduce visual fatigue during extended use. Whether you’re reading documents, browsing the internet, or watching videos, these eye-care features help ensure a more comfortable and healthier viewing experience over time.

Versatile Connectivity and Multimedia Support

With HDMI and VGA ports and built-in dual 2W speakers, the LA2204 offers convenient connectivity to PCs, laptops and multimedia devices.

Flexible Installation and Usage

The monitor supports the 100 x 100mm VESA mounting standard, allowing for flexible placement options to suit various workspace configurations. Its tilt adjustment from -5° to 20° further enhances viewing flexibility.
