QCY Heroad VT200 Gaming Headphones (Black and Red)

The QCY Heroad VT200 are wireless gaming headphones equipped with large 53 mm drivers, 7.1 surround sound, and three connection options: 2.4 GHz, Bluetooth 6.0, and a 3.5 mm wired connection. The model offers three sound modes—Game, Music, and Movie—11 EQ presets designed for FPS games, and support for SBC and AAC codecs. Users also get a detachable microphone, dedicated Heroad software, and a 1000 mAh battery that provides up to approximately 60 hours of playback via Bluetooth and up to 130 hours of standby time.

7.1 Surround Sound and 53 mm Drivers

Large 53 mm drivers deliver sound quality suitable for gaming, music, and movies alike. The 7.1 surround sound effect makes it easier to identify the direction of sounds, which can help with

orientation during fast-paced gameplay. The headphones offer a frequency response of 20 Hz – 20 kHz, an impedance of $16\ \Omega \pm 15\%$, and a sensitivity of 105 dB ± 3 dB.

Three connection modes and low latency

The QCY Heroad VT200 can operate wirelessly on the 2.4 GHz band, via Bluetooth 6.0, or wired via a 3.5 mm jack. The 2.4 GHz connection ensures very low latency, keeping the audio well-synchronized with on-screen events during gameplay. Bluetooth 6.0 is ideal for everyday wireless use, and support for SBC and AAC codecs allows you to enjoy popular audio transmission standards.

Game, Music, and Movie Modes, Plus Settings for Gamers

The three sound modes—Game, Music, and Movie—let you tailor the sound profile to the content you’re currently enjoying. In addition, the headphones offer 11 EQ presets optimized for FPS games, allowing you to choose settings suited to different types of gameplay. The dedicated Heroad software provides an additional way to manage the headphones’ settings and customize their performance to your preferences.

Long Battery Life and Convenient Connectivity

The 1000 mAh battery provides approximately 60 hours of playback via Bluetooth, and wireless standby time can reach up to 130 hours. Charging takes about 2 hours, so the headphones can be prepared for further use relatively quickly. The model weighs about 300 g, features an over-ear design, and includes a detachable condenser microphone on an arm, which is useful for communicating with other players and can be removed when not needed.

Included in the set

- QCY Heroad VT200 gaming headphones in black and red
- Detachable microphone
