

HP ProBook 4 G2i Intel Core 5 320 14inch WUXGA 32GB 512GB SSD W11P

Model: DX0M9AT#ABB

Manufacturer: HP INC.

EAN: 826581749721

Product Code: 1092087

R38,845

The HP ProBook 4 G2i Notebook is designed to deliver a robust computing experience, seamlessly blending performance with security and durability. Powered by a Core 5 processor and equipped with 6 cores, this notebook offers efficient multitasking capabilities. With an impressive native resolution of 1920 x 1200 on a widescreen display, users can enjoy clear visuals complemented by anti-glare technology for reduced eye strain. The security features, including HP Tamper Lock, chassis intrusion sensor, and Secured-core PC, ensure data protection while the energy-efficient design aligns with EPEAT and ENERGY STAR certifications, making it an environmentally conscious choice for professionals and students alike. The dual stereo speakers with Poly Studio and AI noise reduction enhance audio clarity, making video conferencing and multimedia consumption a pleasure.
