Model: C27G42ZE

Manufacturer: AOC INTERNATIONAL

EAN: 4038986183529

Product Code: 1096089

R3,924

The AOC Gaming C27G42ZE monitor is designed for immersive gaming experiences with its 27-inch curved screen and Full HD (1080p) resolution. With a 1500R curvature, it enhances depth perception, allowing gamers to get lost in their virtual worlds. The monitor offers a rapid response time of 0.3 ms, ensuring smooth visuals, while a variable refresh rate of up to 260 Hz reduces motion blur during fast-paced gameplay.

Color accuracy is crucial for an engaging experience, and the C27G42ZE supports 16.7 million colors, paired with a 94% DCI-P3 color gamut for vibrant imagery. Additional features such as Low Input Lag, Flicker-Free technology, and Low Blue Light technology contribute to longer, more comfortable gaming sessions. Adjust the tilt of the display from -3 to +21 degrees to find the perfect angle for any setup.
