Share 5G Speed with Reliable Wi-Fi

Built with cutting-edge 5G and Wi-Fi 6, Archer NX505 brings superior wireless performance, expanded coverage and increased capacity, enabling faster loading and stable multi-device connections

Plug and Play, Enjoy 5G Network Everywhere

Simple, just one SIM card

Traditional broadband or cable installation is costly and time-consuming for temporary or remote locations. Archer NX505 delivers hassle-free, high-speed internet with easy SIM plug-and-play functionality.

Flexibly Create Whole Home Mesh WiFi

If you have any dead zones at home, just add another Easymesh-Compatible router/range extender to further form your whole home multi-gigabit mesh WiFi. No more searching for a stable connection.

External Antenna Ports for Boosting Your Signal

If your indoor 5G/4G signal is poor, connect the external antenna to significantly enhance reception for a consistently stable connection.

Easy Setup and Use

Set up Archer NX505 in minutes via its intuitive web interface and Tether app. Manage network, parental and access controls on your devices, with automatic firmware updates for optimal network performance and security.
