Product Code: 11120

R1,858 ~~R2,075~~

- Offers data storage capacity of up to 1 TB
- 7200 RPM spindle speed ensures excellent performance
- SATA interface delivers high data transfer speed

Increase storage capacity of your system with 500 GB Hard Drive from Dell™. It offers rotational speed of up to 7200 RPM that provides fast disk access. This product has been tested and validated on Dell systems. It is supported by Dell Technical Support when used with a Dell system.

Hard drives are system specific for Laptops. However, you need to know the interface type for desktops and servers to choose the right product. Hence we recommend that you use the Service Tag feature in the Parts For Your Dell™ tool to choose the right hard drive for your desktop or server. For Laptops, you can either use System Drill Down or Service Tag feature.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
