More Room for Your Whole Life

Backup Plus desktop drive from Seagate is the simple, one-click way to protect and share your entire digital life — without getting in the way of the rest of your life.

- Includes easy-to-use backup software
- Features mobile backup using the Seagate Mobile Backup App
- Save photos from your social networks automatically
- Easy to share files between PCs and Mac computers

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

- Massive capacity for a lifetime of memories

Back Up from Your Mobile Devices

Use the Seagate Mobile Backup App to easily back up photos and videos on-the-go directly from your mobile devices to your Backup Plus desktop drive.

Easy Backup Options

Backup Plus lets you back up your content using two easy, automatic backup options — scheduled or continuous backups.

Do More with Social Networks

Don’t risk losing those great pics you’ve posted online. Backup Plus desktop drive finally bridges the gap between your online life and the rest of your life, letting you automatically back up your favourite memories from Facebook and Flickr. You can even share new videos to your YouTube® account.
