

Seagate Cheetah 36.7GB HDD internal hard drive 10000 RPM 8 MB 3.5" SCSI

Model: ST336607LW

Manufacturer: SEAGATE

Product Code: 11336

R851 R948

The Cheetah 10K.6 is Seagate's sixth-generation 10K RPM high performance, high capacity disc drive. With the fastest interfaces, the highest reliability and the most mature product design, the Cheetah 10K.6 enables the lowest ownership cost. In data intensive environments, increasing the capacity per disc drive lowers ownership costs by deploying fewer systems that use less cubic feet of space requiring less infrastructure such as cabinets, HBAs and less wattage of power.
