

160GB WD AV- Series 7200RPM SATA-3Gb/s 3.5

Model: WD1600AVCS

Manufacturer: UNBRANDED

Product Code: 11698

R259 R299

- Key Features: - Ultimate reliability for video storage - Exclusive SilkStream technology - 24x7 reliability for always-on video streaming - Whisper quiet Model Brand WD Series AV Model WD1600AVCS Packaging Bare Drive Performance Interface SATA 3.0Gb/s Capacity 160GB RPM IntelliPower Cache 16MB Features Features Highest capacity for audio/video storage WD AV SATA drives now offer unrivaled storage capacity up to 4 TB - perfect for today's storage intensive applications. 24x7 reliability These drives are designed to last in high temperature alwayson streaming digital audio/video environments such as PVR/DVR and IPTV systems. Low Capacity Surveillance WD AV drives offer 500 GB and lower capacities suitable for low profile entry level surveillance systems requiring reliability in always on environments. Reduced power consumption WD AV drives consume less power by up to 40 percent compared to 7200 RPM hard drives. Lower power means less heat and greater reliability. SilkStream Optimized for smooth, continuous digital video playback of up to 16 simultaneous HD streams. SilkStream is compatible with the ATA streaming command set so CE customers can use standard streaming management and error recovery options. IntelliSeek Calculates optimum seek speeds to lower power consumption, noise, and vibration. IntelliPower A fine-tuned balance of spin speed,

transfer rate, and caching algorithms designed to deliver both significant power savings and solid performance. Advanced Format (AF) Technology adopted by WD and other drive manufacturers as one of multiple ways to continue growing hard drive capacities. AF is a more efficient media format that enables increased areal densities. (EURS/EURX/AUDX models only) Quiet Noise levels have been minimized to less than one sone* - virtually below the threshold of human hearing. * A sone is a subjective unit of loudness as perceived by a person with normal hearing. Usage For Video Surveillance

- Interface: SATA
- Warranty: 1 Year
- Media Physical Size: 3.5"
- Capacity Range: 0GB to 250GB
