Viewsonic VX Series VX2718-P-MHD computer monitor 68.6 cm (27") 1920 x 1080 pixels Full HD LED Black

Model: VX2718-P-MHD

Manufacturer: VIEWSONIC

EAN: 766907011272

Product Code: 1175381

R5,526

With a 27” Full HD screen and hyper-responsive 165Hz refresh rate, the ViewSonic VX2718-P-MHD provides immersive gaming experiences. The monitor has been designed to keep your games front and centre, with minimal bezels and a clean aesthetic. The hyper-responsive 165Hz refresh rate delivers smooth gameplay with minimal input lag thanks to faster frame loading, while Adaptive Sync virtually eliminates screen tearing and stuttering for a fluid gaming experience. With 1ms MPRT response time, the monitor delivers speed and clarity so you can game with precision. VX2718-P-

MHD is also equipped with ViewSonic’s exclusive ViewMode presets, which offer optimised screen performance for a variety of needs, such gaming, editing, or watching movies. In addition, a DisplayPort and HDMI inputs offer flexible connectivity for gaming and entertainment.

Seamless Gameplay

Eliminate lag and motion blur with a hyper-responsive 165Hz refresh rate. Experience seamless gameplay across a variety of genres such as first-person shooters, racing and real-time strategy. Fluid gameplay and flawless graphics give you an advantage no matter the situation.

React Instantly

With a fast 1ms (MPRT) response time, you can react as fast as the action unfolds onscreen. Drift around corners with ease and aim with next-level precision.

Prevent Screen Tearing

Adaptive Sync enables smooth gameplay with low input lag by synchronising your GPU output with the monitor, allowing games to be more immersive, and giving you an advantage over the competition.

Render Every Detail

Explore detail rich worlds with our Full HD 1080p display. Combined with a 165Hz refresh rate, your game library will truly come to life.

SuperClear Technology for Rich Colour at Wide Angles

See the action from every angle with SuperClear technology. This monitor delivers the same image quality whether you are looking at the screen from above, below, the front, or the side.

Mega Dynamic Contrast

A mega dynamic contrast ratio of 80M:1 creates depth in images by adding more definition to the darkest and brightest colours on the screen to ensure images are shown with the finest details.

User-Customised Game Mode

ViewSonic’s exclusive ViewMode offers specialised presets to fit different usage scenarios. These presets enhance gamma curve, colour temperature, contrast, and brightness to deliver the optimal viewing characteristics for each application. The Game Mode integrates pre-calibrated FPS, RTS and MOBA game settings with in-game testing and adjustments for the best blend of colour and technology.

Dual Integrated Speakers

The monitor accents its incredible screen performance with stereo sound to complete your gaming experience.

Viewing Comfort

Flicker-Free technology and a Blue Light Filter help reduce eye strain and fatigue from extended screen time during a gaming marathon.
