Colmi V75 smartwatch (black)

Meet the Colmi V75 - a modern smartwatch that combines advanced technology and maximum functionality. With active users in mind, the Colmi V75 offers extensive health monitoring, navigation and support for daily challenges, becoming the ideal choice for those who want to have all the most important information always at hand - or on their wrist.

Head for adventure with a reliable compass

With the Colmi V75, you don't have to worry about losing your direction! With a built-in compass based on a geomagnetic sensor, the watch is perfect for the field, making it easy for you to navigate unfamiliar places. Support for as many as four satellite systems - GPS, BDS, GLONASS and GALILEO - ensures that the smartwatch accurately records your every move. Going for a hike in the mountains, a long bike ride, or maybe a canoe trip? Colmi V75 will show you the right way, allowing you to focus on what's really important - the pleasure of your trip!

Precise measurement of altitude and pressure

Prepare for every stage of your expedition with the function of precise measurement of altitude and atmospheric pressure. The Colmi V75 integrates advanced sensors that allow you to monitor ambient conditions in real time, which is crucial for outdoor enthusiasts. Gain confidence that you are prepared for any change in weather and make informed decisions based on accurate data.

High resolution HD screen

With a 1.45-inch HD screen, the Colmi V75 provides a bright and clear image, even in intense sunlight. All notifications and workout data are clear at a glance, and the touch interface allows quick access to the most important functions. You can customize the look of the watch according to your preferences, choosing from more than 100 dials and 8 interfaces. Whether you prefer a minimalist or more dynamic setting, you'll find the perfect option for you!

Talk on your wrist

Forget about searching for your phone in your backpack or pocket - with the Colmi V75 you can make phone calls directly from your wrist. The intuitive interface allows you to quickly answer calls, view history and manage contacts. A secure, fast and convenient solution that's perfect for travel and everyday use.

Monitor your health around the clock

Colmi V75 is your personal health assistant. The smartwatch monitors key health indicators such as heart rate, blood oxygen levels and blood pressure. It also allows you to accurately track the quality of your sleep, recognizing phases of deep and light sleep to help you get the best recovery. With women's health in mind, the Colmi V75 also offers a menstrual calendar to keep track of your cycle. In addition, the smartwatch will remind you when you need to hydrate and signal prolonged sitting, supporting a healthy lifestyle.

Sport modes for everyone - more than 100 possibilities

Whether you run, climb or do other sports, the Colmi V75 will adapt to your activity. You can freely choose from more than 100 available sports modes, which precisely monitor every movement and provide detailed data on the results of your workout. Thanks to intelligent algorithms, the watch analyzes your progress, allowing you to constantly raise the bar and improve your skills.

Always stay up to date with notifications

Don't miss any important notification! Just lift your wrist to check text messages, appointment reminders, notifications from your favorite apps and social media alerts - all visible at a glance. With the Colmi V75, you'll stay connected to the world wherever you are.

Powerful battery that will keep up with you

Frequent charging? Not with the Colmi V75! Powered by a 650 mAh battery, this smartwatch provides up to 10 days of operation even with heavy use. In turn, it can last up to 90 days in standby mode! Plan long trips and be sure that your watch will keep up with you - from dawn to dusk.

Water and dust resistance - whatever the conditions

No rain, puddle or dust is an obstacle for the Colmi V75. Thanks to its robust 1ATM water-resistant construction, you can freely use the watch even in harsh conditions without worrying about damaging it. It is the perfect choice for people who love adrenaline and are not afraid of challenges.

A multitude of functions at your fingertips

Colmi V75 is not just a watch - it is a multifunctional assistant for everyday life. Get access to weather forecast, alarm clock, stopwatch, music control via Bluetooth and many other functions. All to help you organize your day! What's more, with its built-in voice assistant, the Colmi V75 makes it easy to manage tasks - just issue a command to check the weather, locate a restaurant, start a workout or make a call.
