Colmi V73 smartwatch (gold)

Meet the Colmi V73 - a smartwatch that combines modern design with the functionality you need every day. With it you can not only conveniently answer calls or check notifications, but also use a smart voice assistant, health monitoring and more than 100 sports modes. With IP67 water resistance and a capacious battery, it's always ready for action, no matter what challenges your day brings.

Clear AMOLED display for complete control

The Colmi V73 features a 1.43-inch AMOLED screen with a resolution of 466x466 that provides vivid colors and high contrast, regardless of lighting conditions. With a wide viewing angle (178°) and advanced color calibration, the watch offers exceptional readability, making all notifications and workout data available at a glance. The screen's slim bezel enhances user comfort, while the touchscreen interface provides intuitive operation.

Take calls directly from your wrist

Now, whether you're on the run, in a meeting or during a workout, you'll stay connected while maintaining full freedom of movement. With the Bluetooth calling feature, you no longer need to take your phone out of your pocket or purse to stay informed - just lift your wrist to answer a call or make a call yourself. You can conveniently view call history, sync and manage contacts directly from the watch.

Advanced health monitoring

Colmi V73 will take care of your health around the clock! Thanks to new algorithms and improved monitoring technology, the watch allows you to continuously measure your heart rate, analyze your blood oxygen levels and monitor your sleep quality, taking into account the phases of deep and light sleep. This will help you understand how you sleep and what you can do to improve your body's recovery. The women's health assistant function additionally allows you to monitor your menstrual cycle.

Sport modes for every activity

The smartwatch offers multiple sports modes - from running and cycling to swimming and team games. Advanced algorithms monitor heart rate, activity duration and calories burned, so the Colmi V73 supports you in getting better and improving the efficiency of your workouts. You can also track the number of steps or distances traveled!

Notifications and reminders at your fingertips

With Colmi V73 you won't miss any important notification. All text messages, appointment reminders, social app alerts and much more are available on your wrist. This way you stay connected wherever you are, without having to take your phone out of your pocket.

Durable battery for long days

The Colmi V73 watch is equipped with a 250 mAh battery that provides up to 5-7 days of use on a single charge in daily use mode, and can last up to 60 days in standby mode. This is ideal for those

who don't want to worry about charging the device frequently.

Your command center

Colmi V73 is more than just a smartwatch - it's your personal assistant, always ready for action. Set alarms, control music during your workout and check the weather forecast with the flick of a finger. Thanks to the built-in intelligent voice assistant, you can operate the watch without touching the screen - just speak a command and the assistant will do the rest!

Ready for any conditions

Colmi V73 smartwatch is not afraid of challenges! Thanks to its IP67 water resistance rating, you can wear it regardless of the weather conditions - rain, dust or accidental splashes are no problem for it. This level of protection makes the watch great for both everyday wear and intensive outdoor training.

Included

- smartwatch
- magnetic charging cable
- user manual
