D-Link DWC-1000 network management device Ethernet LAN Wi-Fi

Model: DWC-1000

Manufacturer: D-LINK

EAN: 790069358821

Product Code: 1176366

R22,349

The D-Link DWC-1000 Wireless Controller is a centralised wireless LAN manager developed specifically for campuses, branch offices, and businesses that are looking for an easy to use, scalable solution to manage and configure their wireless network. With the ability to manage up to six wireless Access Points (upgradable to 24) and a maximum of 96 wireless Access Points in a Controller Cluster, the DWC-1000 is a cost-effective mobility solution for small to medium-scale environments. Its auto-managed AP discovery and single point management allow customers to acquire an enterprise class system without the burden of executing massive and complex configurations. With a robust and comprehensive security detection system, the DWC-1000 also enables managed APs to block potential attacks from unauthorised users and devices, especially for wireless environments.
