Powerful 53mm drivers with Hi-Res Audio certification

provide clear and detailed sound, allowing you to fully immerse yourself in gaming or enjoy your favorite music.

True stereo sound — thanks to the unique driver cavity design.

The isolated driver cavity reduces sound distortions and vibrations, ensuring cleaner and more accurate audio reproduction.

The detachable high-sensitivity microphone ensures clear and natural sound during team communication or streaming. You can easily remove it, adding flexibility to everyday use.

Integrated controls make it easy to manage essential functions such as volume adjustment and microphone status.

The ear cushions are made of protein leather with memory foam padding, providing excellent passive noise isolation.
