D-Link DAP-X3060W wireless access point 1000 Mbit/s White Power over Ethernet (PoE)

Model: DAP-X3060W

Manufacturer: D-LINK

Product Code: 1177001

R3,985

Reliable In-Room Wi-Fi

Designed for in-room coverage in hotels, dormitories, and meeting spaces, the wall-plate Access Point (AP) delivers strong, stable Wi-Fi throughout any room. PoE-powered for simple single-cable installation, it easily mounts on US or EU standard junction boxes for flexible, seamless deployment.

Ultra-Fast AX3000 Performance

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Experience ultra-fast Wi-Fi 6 performance with speeds up to 574 Mbps (2.4 GHz) and 2402 Mbps (5 GHz), ensuring high capacity, low latency, and seamless connectivity—perfect for streaming, video conferencing, and multi-device environments in hospitality and enterprise networks.

Full Gigabit Ports with PoE Out

Equipped with one uplink and three downlink Gigabit ports, the Access Point (AP) extends wired connectivity for VoIP phones, PCs, printers, or smart TVs. One downlink port supports PoE passthrough, allowing you to power an additional device without the need for a separate power supply.

Centralized Network Control

The DAP-X3060W integrates effortlessly with D-Link’s Nuclias Network Controller and management platform, providing centralized, remote network control from anywhere. This solution simplifies management, automation, and scalability, while built-in analytics and reporting deliver actionable insights down to each access point for smarter, data-driven decisions.
