

HPE Networking CW 2150 8p 10M/100M/1G 2p SFP 1G 2p SFP+ 1G/10G Switch

Model: S6X56A

Manufacturer: HEWLETT PACKARD ENTERPRISE

Product Code: 1177326

R10,169

The HPE Networking Comware 5150L 8p 10M/100M/1G 2p SFP 1G 2p SFP+ 1G/10G Switch is designed to enhance network performance with its capabilities. This switch features eight 10/100/1000Base-T ports and two 1000Base-X SFP ports, ensuring reliable connectivity for a variety of devices. Complemented by four 1/10GBase-X SFP+ ports, the switch delivers switching capacity and throughput, making it suitable for demanding network environments.

Built with a focus on manageability, the switch supports multiple remote management protocols, including CLI, SNMP, and RestAPI. Its features, such as Power over Ethernet (PoE+) and Quality of Service (QoS), alongside the support for IPv6 and Intelligent Resilient Fabric Technology (IRF), provide a robust solution for modern networking needs. With a rack-mountable design and stackable capability, up to 9 units can be integrated, enabling scalability to meet growing networking demands.
