Manufacturer: HP INC.

Product Code: 1177338

R1,252

The HP 175K keyboard is a full-size, low-profile wired keyboard designed for everyday PC use, delivering a familiar typing layout with a numeric keypad and dedicated function keys for quick access. Its slim key profile and adjustable height help support comfortable typing sessions, while a 1.8 m USB-A cable provides dependable wired connectivity for desktops and workstations. The keyboard includes convenient shortcut keys such as Caps Lock, Num Lock, Emoji, Show Desktop, PC lock, and a Copilot key to streamline common tasks. Built with durability in mind, the keys are rated for up to 10 million clicks and the chassis is water-resistant to guard against accidental spills. A sustainable design incorporates 75% post-consumer recycled plastic to reduce environmental impact without sacrificing everyday performance.
