

SANDISK External SSD Amber USB 1TB External Drive USB Type-C Devices 2TB

Model: SDSSDE62M-2T00-G25

Manufacturer: SANDISK

EAN: 619659215620

Product Code: 1177364

R10,450

The SanDisk Phone is an external portable hard drive designed for those who need reliable storage on the go. With a storage capacity of 2 TB and a data transfer rate of 1000 MBps, this solid state drive provides fast access to your files. Built with durability in mind, it is dust-resistant, drop-resistant, and water-resistant, making it ideal for various environments. Its USB-C interface ensures compatibility with modern devices, while the included USB-C cable supports hassle-free connections. Operating within a range of temperatures, this device functions optimally from 0°C to 45°C and can be stored in temperatures as low as -20°C and as high as 85°C. Designed with MagSafe compatibility, the SanDisk Phone empowers users to use their devices seamlessly without sacrificing performance. It meets the IP65 compliance standard for water and dust resistance, ensuring that your data remains safe in challenging conditions.
