LENOVO ThinkCentre Neo 50q G7 Intel Core 5 320 16GB 512GB UMA W11P 1YyOS CO2

Model: 13SS0636MH

Manufacturer: LENOVO

EAN: 828132667553

Product Code: 1177503

R29,645

The Lenovo ThinkCentre neo 50q Gen 7 desktop is designed to provide efficient performance in a compact package. With an ultra small form factor, this device is ideal for those who need powerful computing without taking up too much space. It is powered by a 6-core Intel Core 5 processor that has a max turbo speed of 4.6 GHz, ensuring that it can handle multiple tasks with ease. Equipped with 16 GB of DDR5 RAM and an M.2 PCI Express SSD, it delivers fast data access and quick boot times. The integrated Realtek ALC233VB audio codec enhances the audio experience, making it suitable for various media consumption tasks.

Connectivity is made easy with the inclusion of multiple USB ports, including USB-C 3.2 Gen 2 on the front for rapid data transfer and charging. The Lenovo Calliope Mouse and Keyboard provide a
