The Lenovo ThinkCentre M75q Gen 5 redefines efficiency and productivity in a compact package. Designed to fit into any workspace, this ultraslim form factor PC doesn't compromise on performance or security. With a 6-core AMD Ryzen 5 Pro 8500GE processor and 16 GB of DDR5 RAM, it handles multitasking and demanding applications with ease. Its advanced connectivity features, including Wi-Fi 6E, Bluetooth 5.3, and multiple USB and display ports, ensure you're always connected to the essential peripherals. Moreover, its commitment to sustainability is evident in its ENERGY STAR certification and EPEAT Gold rating, making it an environmentally friendly choice. Whether for professional use or multimedia projects, the Lenovo ThinkCentre M75q Gen 5 is built to meet the demands of modern computing while prioritizing space efficiency and security.
