EAN: 828143001490

Product Code: 1177508

R65,086

The Lenovo ThinkStation P3 Gen 2 workstation excels in performance and reliability, catering to professionals who require robust computing power. With a powerful Intel Core Ultra 5 processor featuring 14 cores and a maximum turbo speed of 5.2 GHz, demanding applications run smoothly, making this workstation ideal for graphic design, data analysis, and software development tasks. The integrated Realtek ALC623-CG audio codec ensures high-definition audio output, enhancing multimedia experiences while the storage capabilities feature a 1 TB SSD with TCG Opal Encryption, providing both speed and security for sensitive data. This workstation is built to last with a durable tower chassis compliant with MIL-STD 810H and FIPS 140-2 standards, ensuring it withstands rigorous working environments while maintaining security features for data protection. Connectivity
