The SanDisk Phone Drive is a versatile USB flash drive designed to enhance data storage and transfer convenience. With a generous storage capacity of 128 GB, it provides ample space for photos, videos, music, and documents. The device features a dual interface of USB-C and Apple Lightning, making it compatible with various devices including iPhones, iPods, and iPads. Password protection ensures that sensitive information remains secure, adding an important layer of safety to data management. Operating in temperatures ranging from 0°C to 45°C, this durable drive is equipped for use in a variety of environments. The key ring loop adds practicality, allowing users to attach it easily to a keychain or bag. With read rates of 90 MB/s and write rates of 10 MB/s, users can efficiently transfer files without hassle.
