Product Code: 1178131

R13,921

The SanDisk Extreme PRO Dual Drive offers a storage capacity of 2 TB, ensuring ample space for important files and documents. With a sleek swivel design and a key ring loop, this USB flash drive provides both convenience and security for on-the-go storage. Featuring USB-C 3.2 Gen 2 connectivity, it supports high-speed data transfer with read rates of up to 1000 MB/s and write rates of up to 900 MB/s, making file management quick and efficient. Built to withstand various environments, it operates between 0°C and 45°C, providing flexibility in different settings. The 128-bit AES encryption adds a layer of protection for sensitive data. The SanDisk Extreme PRO Dual Drive combines functionality with design, making it an essential tool for any digital lifestyle.
