R3,600

The SanDisk Phone Drive is a reliable USB flash drive designed to provide 512 GB of storage capacity, ensuring ample space for important files and data. Its compact size, combined with a metal body, offers durability and protection for memories and documents. With a read rate of 150 MB/s, this drive allows efficient transfer of files, making it a practical choice for users on the go. The included key ring loop makes it easy to attach and carry, ensuring that essential data is always within reach.

Operating efficiently within a temperature range between 0°C and 45°C, this drive is suited for a variety of environments, adding to its versatility. The USB-C 3.2 Gen 1 interface enhances connectivity options, ensuring compatibility with many modern devices. Whether for work or personal use, the SanDisk Phone Drive serves as a trustworthy storage solution.
