R4,910

The SanDisk Phone Drive is an efficient USB flash drive offering a storage capacity of 1 TB, making it a perfect choice for users needing substantial space for their files. Built to operate under various environmental conditions, this drive can function at temperatures ranging from 0°C to 45°C. With a fast read rate of 150 MB/s, accessing and transferring data becomes a seamless experience.

Designed with a USB-C 3.2 Gen 1 interface, the Phone Drive ensures compatibility with a variety of devices, enriching user convenience through its easy-to-use functionality. The addition of a key ring loop enhances portability, allowing easy attachment to bags or keys for quick access to stored data.
