

SANDISK Phone Drive with USB-C Seastar Pink 256GB

Model: SDIXS0N-256G-GN6NG

Manufacturer: SANDISK

EAN: 619659218539

Product Code: 1178143

R2,531

The SanDisk USB flash drive offers a storage capacity of 256 GB, making it a choice for transferring and storing important files. With a read rate of 150 MB/s, this device ensures access to your data, enhancing productivity whether at work or on the go. Designed with a USB-C 3.2 Gen 1 interface, it provides compatibility across various devices, streamlining the process of sharing your information. Additionally, the inclusion of a key ring loop makes it to attach to keychains or bags, allowing for portability without the risk of losing it.

Built to withstand a range of conditions, the flash drive operates effectively in temperatures from 0°C to 45°C, ensuring performance in diverse environments. The compact design and robust functionality make this USB flash drive a practical companion for anyone in need of reliable and efficient data storage solutions.
