The SanDisk Extreme PRO USB flash drive offers performance and durability for users who need reliable storage. With a storage capacity of 2 TB, this drive can accommodate extensive data, from high-resolution images to large files. Featuring a USB-C 3.2 Gen 2 interface, it provides read rates of 1000 MB/s and write rates of 900 MB/s, ensuring quick data transfers and backups.

Built with a robust metal body, this flash drive is designed to withstand everyday wear and tear, making it an ideal choice for professionals and creatives alike. Its key ring loop adds convenience, allowing easy attachment to bags or keychains. With a wide operating temperature range, it performs well in various environments, so data is always accessible when needed.
