

LENOVO ThinkPad T14 Gen 7 AMD Ryzen 7 249 14inch WUXGA 24GB 512GB SSD UMA W11P 3YPS CO2 Offset

Model: 22AL0057MH

Manufacturer: LENOVO

Product Code: 1179225

R53,044

The Lenovo ThinkPad T14 Gen 7 22AL is a business-class notebook designed for professionals who need balanced performance, security, and mobility. It delivers responsive multitasking with an AMD Ryzen 7 249 processor and 24 GB of DDR5 memory, while a 512 GB PCIe 4.0 NVMe SSD provides fast storage and hardware encryption support for data protection. The 14-inch WUXGA IPS display with 400 cd/m2 brightness and anti-glare coating helps maintain clear, comfortable viewing in varied lighting conditions, and the 5 MP webcam with discrete IR and privacy shutter supports secure video conferencing. Long list of connectivity options includes Thunderbolt 4 with 100 W power delivery, HDMI with 4K support, Gigabit Ethernet, and Wi-Fi 7 with Bluetooth 5.4 to keep peripherals and networks connected. Built with a mix of carbon fiber and glass-fiber reinforced materials and MIL-
