R2,057

Upgrade your gameplay experience with the Logitech G413 TKL SE mechanical gaming keyboard. It delivers a gaming-grade mechanical switch experience. It's designed to help serious players perform at a higher level and push themselves even further. The G413 TKL SE features tactile mechanical switches; PBT keycaps, six-key rollover anti-ghosting performance; a brushed aluminum top case with white LED lighting; 12-function key media controls, and reliable USB-corded technology. In short, the gaming-first features you need to put more perfect performance within reach. A keyboard engineered to perform.
