DDR4 memory and dedicated graphics options help you tackle multitasking, data-intensive functions, and complex graphics projects.

Dependable speed

Access your data faster with optional solid-state drive (SSD) storage, while 3D NAND technology ensures reliable performance and optimal power consumption for your PC.

Versatility for any workplace

Engineered for upgradability, the M70t Gen 3 comes equipped with multiple I/O ports and expansion slots so you can configure your PC for your specific needs. Whether multitasking administrative tasks, crunching data-intensive analytics, or editing high-resolution graphics, you can expand your configurations to meet your particular needs.

Smart. Easy. Connected.

You never lack connectivity for your peripherals with multiple port and wireless options. And thanks to the innovative Smart Cable, the M70t Gen 3 collaborates efficiently with USB devices and even another laptop or tablet. Its DP and HDMI ports allow you to run up to four monitors simultaneously. Additional expansion slots will enable you to configure your PC further.

Secure your data-and your business

With Lenovo ThinkShield, hardware and software security deliver peace of mind. dTPM 2.0 on-chip encryption protects your passwords and data. BIOS-based Smart USB prevent unauthorized access, while physical lock features secure your PC from theft.

Eco-friendly & user-friendly

The M70t Gen 3 is awarded multiple environmental certificates, including Energy Star® 8.0, EPEAT™ Gold, RoHS, and more. In addition, TÜV Rheinland Low Noise certification means this PC is both eco- and user-friendly. Monitor, keyboard, and mouse sold separately.

Specifications may vary depending upon region/model.
