making demanding tasks feel effortless. Enjoy flexible storage, ample memory, and the power of optional Intel® Arc™ graphics — to keep pace with your ambitions.

COOL, EFFICIENT & SILENT

Cool Performance for Uninterrupted Productivity

The ThinkCentre Neo 30s Gen 5 SFF desktop ensures optimal performance without overheating — thanks to its Intelligent Cooling Engine (ICE). Adaptive cooling modes facilitate cool, efficient computing even under heavy workloads. Plus, enjoy a quieter workspace with TÜV Ultra Low Noise certification, allowing your team to stay focused without distractions.

BRIDGE DEVICES, BREAK BARRIERS

Small Form, Big on Connectivity

Stay connected and enjoy multidevice collaboration with this small-form-factor desktop. Whether exchanging medical files or sharing classroom notes — the Smart Connect app enables quick and secure cross-device interaction, seamlessly. Moreover, multitask like a pro with versatile ports, expansion slots, and optional Smart Cable for enhanced productivity.

BUILT-IN SAFEGUARDS YOU CAN TRUST

All-Around Data & Device Protection

The ThinkCentre Neo 30s Gen 5 SFF desktop is fortified with ThinkShield's hardware and software security solutions. The firmware Trusted Platform Module (fTPM) provides data encryption while BIOS-level Smart USB protection prevents unauthorized access. Keep physical thefts at bay with Kensington Security Slot™, padlock loop, and an intrusion switch cable.

CREDIBILITY & COLLABORATION

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.
