Lightning-Fast Tri-band WiFi up to 14 Gpbs

Wi-Fi 7 unleashes the full potential of 4K-QAM and the 6 GHz band with up to 320 MHz channels, delivering unprecedented Wi-Fi speeds up to 14 Gbps. The new 6 GHz band provides exceptional bandwidth congestion-free channels.†

Ultra-Fast 10 Gbps Wired Performance

A 10 Gbps WAN/LAN port, a 2.5 Gbps WAN/LAN port and a gigabit WAN/LAN port take full advantage of your broadband speed. Plug your PCs, smart TVs, or game consoles into the ports for blazing-fast wired connections.§ The additional USB port makes it an ideal solution for future-proofing your home network.

Cover Every Corner of Your Home

Deco BE68 eliminates weak signal areas with clearer, stronger whole-home WiFi generated by the latest WiFi 7 technology as the WiFi dead zone killer.

Engineered for more devices

Wi-Fi 7 dramatically improves capacity and efficiency in traffic-dense environments. No matter how many screens or devices are on at once, everyone is able to enjoy a more efficient network that lead faster without dragging down performance. †

The Ultimate Backhaul: Stronger and More Flexible

Through our self-developed technology, Deco BE68 can connect a wireless and wired backhaul with each unit simultaneously. What's more, with the latest WiFi 7 MLO technology, the system's wireless and wired combined backhaul aggregation flow rate is increased. This way, it greatly improves overall throughput and reduces latency, delivering broader coverage with more stable and reliable connections.

Seamless AI-Driven Mesh

Uninterrupted Streaming when Moving Between Rooms

Deco Mesh forms a unified network with a single network name. With built-in AI-Roaming technology, it creates the ideal WiFi solution with its advanced algorithms and self-learning. Walk through your home and enjoy seamless streaming at the fastest possible speeds.‡

Smart Security for Smart Living

HomeShield is a built-in service, it provides a series of services for you to protect all your devices comprehensively with various features at home or on-the-go. With HomeShield, safer internet experiences bring more happiness to your smart living.

Private IoT Network for More Security

Set up a separate WiFi for IoT devices and overlay HomeShield and advanced WPA3 encryption** to better protect the security of your home network and IoT devices.

Simple. Easy. Yet Powerful.

Setup and manage your network anytime and anywhere on the friendly TP-Link Deco app. In just three easy steps your entire home can be blanketed in strong and reliable WiFi.
