Designed to not disturb your sleep

The slim band offers a more subtle and refined look compared to regular wide bands, ideal for your delicate wrist. It's made with reflective yarn that makes it easy to spot in the dark. Its soft texture makes it comfortable to wear even in your sleep.

Change the look with just one click

Switch out your watch band in a snap. The new design features a simple button that lets you effortlessly attach and detach the band in one click. It's that simple to customise your watch to match your unique taste.
