EXCEPTIONAL BATTERY LIFE WITH PRODUCTIVITY

ROG Strix Carry's small, ergonomic form is eminently portable, so it can accompany you everywhere. The dual wireless connectivity delivers superb stability and also exceptional battery life, enabling a competition-crushing 300+ hours of nonstop, lag-free gaming on 2.4GHz and 400+ hours on Bluetooth, so you'll power through everyday productivity or performance play.

GAMING GRADE PERFORMANCE

With a gaming-grade PMW3330 optical sensor ROG Strix Carry is the perfect sidearm for gaming glory, delivering 50-7,200-dpi sensitivity at for pinpoint precision wherever you play. It also tracks up to 150 inches per second (IPS) and at up to 30g acceleration, allowing you to strafe and swipe as swiftly as needed to secure victory – all in pocket-sized package that lets you carry your game.

EXCLUSIVE SWITCH SOCKET DESIGN

The ROG-exclusive switch- socket design takes personalization to a whole new level by enabling mouse switches to be easily changed. This means you have the option to install the switch of your preferred operating force and feedback, and you can replace worn or broken switches to extend the lifespan of the mouse.

DESIGNED FOR CLAW & FINGERTIP

ROG Strix Carry delivers the ultimate gaming comfort, campaign after campaign. The compact proportions and svelte form fit snugly in your right hand, with ergonomics that are perfectly optimized for claw-grip or fingertip-control styles.

TAILOR-MADE PROTECTION

ROG Strix Carry is as mobile as you, so we've included a smooth leatherette pouch to serves up smart protection wherever you go. This provides a perfect contoured fit, meaning Strix Carry slides out in the same orientation every time. Just unzip the case, release your mouse, and you're ready to roll!
