EDM or rock, classical or hip-hop-these audiophile-grade headphones let you hear it all as though you were right there in the studio. Balanced-armature drivers reveal the scintillating trebles and richly natural vocals. Dynamic drivers produce deep, precise bass and lush instrumental textures.

Immerse anywhere. Noise Canceling Pro+

No matter where you are, these true wireless headphones create the perfect space to listen. Hybrid noise cancellation uses state-of-the-art hardware and advanced audio processing to block unwanted sounds. Noise-damping Comply foam ear-tip covers add to the immersion with a secure, comfortable fit.

Crafted for listening. Premium Fidelio design

Sink into a style as unique as your music. The round, polished-metal detailing on these striking earbuds is a pure Fidelio design. The embossed Muirhead leather trim adds a soft, sophisticated touch to the curved metal charging case.

Crystal-clear calls. Wind noise reduction.
Multiple mics and a dedicated algorithm focus on the sound of your voice as well as reducing noise from the world around you. Even wind noise is filtered out, so you can be heard clearly when on a call outside.

Philips Headphones app. Customize your experience

The Philips Headphones app lets you adjust the level of noise cancellation by switching between preset modes, and you can use the app to activate wind-noise cancellation. An equalizer lets you fine-tune frequency response to suit your personal taste.

Touch controls and easy connections

Touch controls keep things simple, and Bluetooth multipoint lets you connect to a phone (iOS or Android) and laptop at the same time. Google Fast Pair lets you pair to a compatible Android device with a single tap.

More music. 48 hours play time with the charging case

With these earbuds fully charged-and a fully charged case-you can travel with more than a day of play time in your pocket. Plus, the music pauses if you take an earbud out so you never need to miss a beat. The case can be charged wirelessly.

Superb sound for streaming-on any phone

Whichever streaming service you use, these true wireless headphones will unlock the best possible sound. The codec that works best with your phone or tablet is selected automatically. Whether you use iOS or Android devices, you'll enjoy a superbly detailed listening experience.
