

Seagate ST400FM0053 internal solid state drive 400 GB 2.5" SAS MLC

Model: ST400FM0053

Manufacturer: SEAGATE

Product Code: 11807

R5,089 ~~R5,790~~

Ultra-Fast, Consistent Performance Plus 12Gb/s SAS

- Helps remove storage bottlenecks and close the gap between processor and data access performance
- Delivers the speed and performance consistency needed for demanding enterprise applications
- Designed to reduce data access wait times under the most complex, write-intensive workloads
- First SSD to ship in volume with 12Gb/s SAS while ensuring the highest level of reliability and scalability
- Ensures data availability for critical production systems by using redundant, failover I/O communication paths
- Helps improve ROI by leveraging existing SAS infrastructures
- Custom-designed controller leverages Seagate enterprise expertise and manufacturing excellence

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

- Helps safeguard data against unexpected power loss and protects data from undetected, unintentional corruption
- Helps ensure data integrity with multiple layers of I/O error detection and correction
- Strong data security with Self-Encrypting Drive (SED) and FIPS SED models

Best-Fit Applications

- Demanding, enterprise applications with complex, write-intensive and mixed workloads
- IOPS-hungry enterprise applications, such as high-performance computing, online transaction processing and heavy data analytics
- Enterprise applications that demand high data availability and integrity as well as interface failover redundancy
- External enterprise storage solutions (SAN, NAS, DAS) and servers
