Performance That Keeps Up With You

With up to an Intel® Core™ i7 processor and Dual-Channel DDR5 memory, it delivers fast, efficient performance for demanding business tasks.

Triple Display

Enhance the workflow efficiency and preview e-commerce content using setups with up to three monitors.

Wi-Fi 7 Support

Wi-Fi 7 delivers ultra-fast speeds and increased network capacity, which is essential for efficiently managing AI workloads.

DDR5 Dual-Channel

DDR5 memory with dual-channel can enhance work efficiency and quality, processing large amounts of data and complex multitasking quickly and reducing waiting times and delays.

MSI with Microsoft Copilot

Work smarter, be more productive, boost creativity, and stay connected with Copilot—an AI companion adapts to your needs.

Built for Sustainability

The PRO DP10 Series blends business-centric design with environmental responsibility - an embodiment of MSI's dedication to sustainability. By utilizing green material, ensures not only the products' durability but also commits to a greener world. Our commitment extends to incorporating sustainable materials in both our product design and packaging. It embodies sustainable value and heightened productivity.

Power Meter

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

The Power Meter enables one-click power saving, carbon emission calculation & electricity cost estimation.

Calculator

Users can gain insights into their carbon footprint and the environmental benefits, such as trees saved.

Energy Recommendations

Collect settings that have an outsized impact on power consumption in one place, making it easy to reduce the power consumption.

Built to Last, Ready for Work

MSI desktop PCs are engineered for durability, reliability, and long-term performance. Each system undergoes rigorous testing—including military-grade standards and strict in-house quality checks—to ensure it meets the demands of everyday use.

Chassis Intrusion

Chassis intrusion detection is a security feature in MSI business-grade PCs that notifies IT administrators when the case is opened, preventing unauthorized access to internal components.

Secure Inside and Out

MSI desktop PCs offer both virtual and physical protection with features like dual LAN for network redundancy, dTPM 2.0 for data encryption, and Kensington lock support for added physical security — keeping your system safe online and offline.

Cable Organizer Design

Cable Organizer keeps cables neat, secure, and protected. The built-in cable organizer prevents accidental disconnections and ensures stable connections even in tight or vibration-prone

environments.

Convenience Meets Productivity

The PRO DP10 A14MG Series is designed to enhance productivity by improving the work environment and reducing clutter.

VESA Mountable

With VESA mountable design, it can be mounted behind a monitor, on a wall, or in digital signage, freeing up desk space.

External Power Switch

If the computer is in a hard-to-reach spot, using the optional external power switch* is easier than bending down to turn it on.

MSI Power Link

The PRO DP10 A14MG Series can be powered on using the power button on the MSI-selected monitor to bring the most convenient user experience.

MSI Center

The MSI Center allows for easy optimization and resource allocation to enhance software performance.

Configurable Port

The cofigurable port offers the widest range of connections with a variety of optional I/O ports.

MSI hardware + Surfshark = smarter, safer browsing.
With high-performance MSI systems and Surfshark VPN delivering instant, device-wide protection, enjoy secure, lag-free gaming, streaming, and everyday browsing.
