cubi-nuc-ai-plus series

Copilot+ PCs are the fastest, most intelligent and secure Windows PCs ever. Unlock efficiency and innovation with Copilot+ P.

Mini Yet Powerful

The Cubi NUC offers a perfect balance of Mini and Power, featuring a 0.51-liter chassis.

Newly Upgraded for AI Potential

Powered by up to Intel® Core™ Ultra 9 processor, it brings the perfect combination of Performance, responsiveness and stunning visuals, the latest NPU accelerates AI programs with more than 50 NPU TOPS to enhance the AI workloads. Unlock a new possibilities easier, faster, smarter, smoother - from virtual meetings to data-intensive applications.

Thunderbolt 4:

A Single Cable to Serve All

The Thunderbolt 4 enables rapid data transfer up to 40 Gbps & power delivery input of up to 98W, crucial for handling large datasets in AI applications, making it an excellent choice for both charging and displaying through a single port.

Wi-Fi 7 Support

Wi-Fi 7 delivers ultra-fast speeds and increased network capacity, which is essential for efficiently managing AI workloads.

DDR5 Dual-Channel

DDR5 memory with dual-channel can enhance work efficiency and quality, processing large amounts of data and complex multitasking quickly and reducing waiting times and delays.

Intel® AI Playground

Offering various AI capabilities, including image creation, enhancement, and chatbot responses, all functions run locally on the PC, ensuring privacy and control over content and input.

For more information, please refer to the official Intel® website.

Built for Sustainability

The Cubi 5 Series blends business-centric design with environmental responsibility - an embodiment of MSI's dedication to sustainability. By utilizing green material, ensures not only the products' durability but also commits to a greener world. Our commitment extends to incorporating sustainable materials in both our product design and packaging. It embodies sustainable value and heightened productivity.

Power Meter

The Power Meter enables one-click power saving, carbon emission calculation & electricity cost estimation.

One-click Power Saving

Record the computer power consumption and achieve more power-saving settings through a One-click Power Saving button.

Calculator

Users can gain insights into their carbon footprint and the environmental benefits, such as trees saved.

Energy Recommendations

Collect settings that have an outsized impact on power consumption in one place, making it easy to reduce the power consumption.

Secure Inside and Out

MSI desktop PCs offer both virtual and physical protection with features like fingerprint security design, dTPM for data encryption, and Kensington lock support for added physical security — keeping your system safe online and offline.

Fingerprint Security

Utilize the fingerprint power button to securely unlock and access Copilot+ PC's unique AI features.

Kensington Lock

Secure the unit with a Kensington lock design.

dTPM Support

dTPM encrypts data and passwords for secure, hardware-based protection.

Dual 2.5G LAN

Experience the blazing speed of dual 2.5G LAN, which streamlines troubleshooting and enhances redundancy, network segmentation, security, and load balancing for users.

MSI Frozr AI PRO

MSI Frozr AI PRO cooling design enhances airflow, increases static pressure, and effectively lowers system temperatures for improved cooling and performance inside your PC.

Cable Organizer Design

Cable Organizer keeps cables neat, secure, and protected. The built-in cable organizer prevents accidental disconnections and ensures stable connections even in tight or vibration-prone environments.

3-Steps Tool-less

Easy Maintenance Design

The tool-less and easy maintenance design enables quick component upgrades and routine servicing to save time and streamline upkeep.

Convenience Meets Productivity

The Cubi NUC Series is designed to enhance productivity by improving the work environment and reducing clutter.

VESA Mountable

With VESA mountable design, it can be mounted behind a monitor, on a wall, or in digital signage, freeing up desk space.

External Power Switch

If the computer is in a hard-to-reach spot, using the optional external power switch* is easier than bending down to turn it on.

MSI Power Link

The Cubi NUC Series can be powered on/off using the power button on the MSI-selected monitor to bring the most convenient user experience.

Surfshark

MSI hardware + Surfshark = smarter, safer browsing.

With high-performance MSI systems and Surfshark VPN delivering instant, device-wide protection, enjoy secure, lag-free gaming, streaming, and everyday browsing.

MSI Support & Services

Comprehensive care solutions delivering trusted protection, expert support, and worldwide service access to ensure your MSI devices operate smoothly.
