R2,549

Detailed sound, comfort fit, and Spatial Audio modes

SecureFit textured eartips bring you a fit that feels lighter and more comfortable, while creating a good seal for even better sound. Philips Spatial Audio features include Cafe and Lounge modes, which make your music sound like part of the background ambience: great for focusing on a task while listening.

Immerse freely with Adaptive Noise Cancelling

Adaptive noise cancellation quickly reacts to your surroundings to suppress external noise, including wind, in real time. If you want to hear what's going on around you, Awareness Mode lets outside sounds back in. Quick Awareness enhances voices, so you can have a conversation without removing your headphones.

Stable Bluetooth® multipoint connection and Auracast™

Bluetooth® 6.0 ensures a fast, steady connection, and support for Auracast™ lets you listen to public broadcasts on your travels. You can connect to two Bluetooth® devices at once and manage connected devices via our app—plus Microsoft Swift Pair makes life easy for Windows users.

Up to 48 hours of play time. Pocket-sized charging case

With noise cancelling off, you get 12 hours of play time from a full charge and an extra 36 hours from the pocket-sized charging case (with noise cancelling on, you get 8 hours and an extra 24 from the case). For a quick boost, 10 minutes of charging gives you an extra 2 hours. The case can be charged via USB-C.

Philips Headphones app. Customise your experience

Feel like your music's missing something? Our companion app features EQ, an intuitive equalizer that lets you tweak the sound and explore different EQ settings using your fingertips. You can also use the app to activate Dynamic Bass, manage connected devices, update firmware and more.

GRS-certified recycled plastic. Responsible packaging

We use post-consumer recycled plastics in our products, and our packaging is made from FSC-certified recycled carboard with inserts printed on recycled paper.

6 mic technology. Clearer calls, even in crowded places

These headphones boast a six-mic setup, and three of those mics plus an AI noise-reduction algorithm combine to bring you super-clear calls. Even if you're in a busy cafe, your voice will come through clearly and the person you're speaking to won't be distracted by what's going on around you.

IPX4 splash and sweat resistant

Never mind the weather, an IPX4 rating means these earbuds are splash resistant so they don't mind a little rain! Wearing them on a particularly hot day? They won't mind a little sweat either.

Warm, natural sound. Philips sound signature

The custom drivers in these headphones are tuned to the Philips sound signature, which brings you warm, natural sound with deep bass. Whatever you're listening to, you'll love what you hear.

Comfy SecureFit ear tips and large 10 mm drivers

Quick charge for 10 minutes and get an extra 2 hours
