with a connected PC or PC-free.

webOS 23 new home

Personalized discoveries await

With webOS 23, explore numerous contents with built-in streaming services like Netflix, Prime Video, Disney+, YouTube, and Apple TV. Also, you can get tailored contents recommendations and enjoy built-in apps such as Music and Sports.

New User Interface

Find quick. Dive in.

Easily manage apps and service cards with the new webOS 23. Plus, access recent apps and check notifications quickly.

Home Office

Home Office ready

Access PC & Cloud PC remotely, and enjoy multiple Home Office services like Microsoft 365 and Google Calendar, all without a PC.

Music

Curated to your tastes

Enjoy customized music seamlessly with 5W x 2 stereo speakers. You can search for music easily and access recently played songs quickly. Also, it recommends popular songs based on your preference.

Sports

Follow your favorite teams

Support your team with personalized service. It shows the latest on your favorite sports team, based on your profile.

AI concierge

Listening to your tastes

Bring out a personal AI concierge by pressing the button on the Magic Remote, and you can get recommendations of keywords based on your preferences any time.

ThinQ Home Dashboard

Easily control your appliances

The ThinQ Home Dashboard makes life more convenient. Easily check and manage the status of your home appliances on one screen with the remote.

Use your phone like a remote

With the ThinQ app, you can use key remote control features, like power on/off, changing channels, and content search.

AirPlay 2 + Screen Share + Bluetooth

Mirror straight from your devices

Easily share content from your smart device to your monitor with AirPlay 2* (for Apple devices) or Screen Share** (for Android devices). Also enjoy rich sound with Bluetooth pairing.

Full HD IPS display

Brilliant colours, sharp picture

The 27" Full HD (1920x1080) display lets you enjoy great picture quality by bringing colour accuracy, visual contrast, and sharpness. Also, the IPS panel allows you to enjoy wide angles through 178 degrees.

Simple design

Stylish space-saving design

The 3-side frameless design with the stand's slim-flat form blends into your office or home taking up minimal space. And it allows an ideal viewing experience through convenient tilt adjustment.

Multi ports

A variety of interface

Our smart monitor offers two USB and two HDMI ports compatible with various devices for a smooth display.
