Next-generation gaming audio

Enjoy extraordinary lifelike sound in your favourite games.

AI-enhanced noise rejection

Be heard loud and clear with microphone noise-rejection technology.

Powered by artificial intelligence, this new technology has been trained to identify, isolate and remove unwanted noises when capturing your voice.

Multi-device connectivity

Go where adventure takes you with the ability to wirelessly connect to a range of devices.

PlayStation Portal remote player ready

Directly connect to the remote player with PlayStation Link technology to enjoy lifelike, lightning-fast audio wherever you have Wi-Fi in your house.
