Envisioned by a community of passionate gamers, and developed by a team who accepts nothing less than perfection - Model D will elevate your play to unimaginable heights. Built for speed, control, and comfort - we packed a full suite of ultra-premium features into an impossibly lightweight, ergonomic frame. Welcome to the next level of Competitive E-Sports gaming. Prepare for Ascension.

HONEYCOMB SHELL

STRENGTH & COMFORT

Model D's Honeycomb Shell is the key to achieving a feather-light weight while maintaining its ultra-durable strength. You'll barely feel the holes during gameplay, but they provide ventilation to keep your palms cool & fresh. Cleaning the Model D is easy, just use any air canister to keep your mouse good as new.

ASCENDED CORD

LIGHT & FLEXIBLE,

LIKE IT'S NOT EVEN THERE

Stock cables suck. Say goodbye to 3rd party mods, and say hello to the Ascended Cord. Our proprietary braided cable is ultra-flexible and super lightweight, giving your mouse an almost wireless feel.

CUSTOMIZE YOUR MODEL D WITH AN ADDITIONAL COLORED ASCEND CORD

GLIDE SMOOTHLY WITH

G-SKATES FEET

No more shoddy stock mouse feet or buying 3rd party add-ons. Model D comes included with our premium G-Skates - 100% pure Virgin PTFE, rounded edges that don't snag on your pad so your mouse will glide like blades on ice. Comes in 0.81mm thickness for maximum lifespan.

BIG OR SMALL. YOUR CHOICE

Whether you like it big or small, the choice is yours. The Model D comes pre-installed with 4 of our premium G-Skates. For those who prefer a larger mouse skates for maximum glide, we are including additional larger G-Skates with your Model D purchase.

DPI INDICATOR

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

The dedicated DPI indicator can be set to any value and colors you choose (requires software), so you always know your value when adjusting on the fly.

PIXART 3360 SENSOR

The competitive E-Sports industry standard. Pixel perfect tracking, zero mouse acceleration, no more spinouts, 1000 Hz polling rate, less than 0.7mm lift-off distance.

20 MILLION CLICKS

Don't let competitors fool you with inflated stats on low-quality switches. Model D comes with state-of-the-art Omron switches, with the highest durability rating and quality control standards. The Model D will outlive other inferior gaming mice.

GLOSSY OR MATTE, YOUR CALL MATE

Customize your mouse coating to your preference. Model D/D- wired comes standard in matte, or make it glossy for an extra smooth feel and high shine aesthetic.
